

Occupational Therapist

- **Job Type:** Full-time
- **Salary:** £24,500 per annum
- **Location:** Cheshunt & Waltham Abbey
- **Hours of Work:** 40 per week

Sequence Care Group has experienced unprecedented growth in the past few years evolving into to a leading care provider creating opportunities to progress within the Health & Social Care sector.

Sequence Care Group is passionate about providing high quality Community Residential and Supported Living Services for Adults requiring specialist learning disability and mental health support. All of our Services provide in-patient support and rehabilitation on a one-to-one basis.

Sequence is committed to delivering individualised care to meet people's needs providing the best possible care and support.

About the Role

We are expanding our team and looking for genuinely caring and hands on individuals who are dynamic, possess strong multi-tasking and leadership skills to join our dedicated team.

At Sequence you will work with extraordinary people who achieve fantastic successes. For everyone at Sequence it is about being ambitious about what people can achieve. You will work as part of a supportive team, focusing on outcomes through a person-centred approach.

- The OT is responsible for the delivery of effective Occupational Therapy services across multiple sites for adults residing in community rehabilitation services who present with learning disabilities, mental health and complex needs.
- You will contribute to the high standards of person centred care provided within Sequence Care Group Ltd, working as part of a multi-disciplinary team as an autonomous individual.
- The Occupational Therapist must portray the core skills necessary to carry out a specialised role within a community rehabilitation service catering for adults with dual diagnosis and complex needs.
- The OT will oversee a team of Occupational Therapy Assistants.
- Devise, implement and evaluate treatment programmes.
- Complete comprehensive assessments of clients, using clinical reasoning to select appropriate assessment techniques which lead to identifying client's strengths and needs. This will involve seeking and sharing personal and potentially sensitive information with the client.
- Agree appropriate and realistic goals for treatment producing comprehensive treatment plans in order to achieve goals.

About You

- You will have the ability to work without direct supervision across Sequence Care Groups services delivering client programmes adhering to local and national professional standards whilst keeping the Lead OT informed.
- You will be a proactive member of the multi-disciplinary team ensuring effective communication and liaison takes place at all times.
- You will have an interest and knowledge base of Occupational Therapy and its application within this specialist setting.
- This post would be relevant for undergraduates with a specific interest in LD and Mental health
- You will be kind, compassionate, take responsibility for your own actions and be keen to acquire new knowledge
- You will have a degree in Occupational Therapy.
- HCPC Registration is required.
- You will be a member of the British Association of Occupational Therapy.

Package

- Hours: 40
- A competitive salary
- Financial support towards professional qualifications
- Comprehensive internal training Free of charge
- Enhanced DBS cost covered
- Comprehensive induction based on the Care Certificate
- 28 days annual leave including Bank Holidays
- Support from our Employee Assistance Program
- Membership of employer contribution pension fund

We are committed to safeguarding and promoting the welfare of the people we support. All successful candidates will be subject to an Enhanced DBS check for Regulated Activity which will include a check against both the barred adult list. We are an equal opportunities employer.
