

NEW WEBINAR 2021

What makes a specialist residential or supported living service

Sequence Care Group provide therapeutic support within both supported living and residential settings. Their therapeutic approach includes speech and language therapy, positive behaviour support and occupational therapy. We invite you to meet members of the Sequence Care Group Team, learn about how this kind of therapeutic care is provided and the benefits in supporting people with complex needs. Following the webinar presentation the Sequence Care Group Team will support a question and answer session.
